

JAMA INTERNATIONAL S.R.L

Solutions for Oil & Gas Industry

Single Source Supplier

*Our Mission, Our Vision, **Your Benefit:***

Our purpose is to assist our Clients to procure all needed commodities and services.

We are committed to supply our customers high-performance materials, solutions, on-site services, through our motivated employees, specialized partners, innovative technologies and long experience.

Our task is to assist our Clients for the adequate supply of their needed commodities, providing quick and specific solutions, with minimum delivery time and at the lowest possible cost.

Our aim is to provide an end-to-end complete service maintaining our customers' high quality standards and respecting our long-term commitment.

This is what we do, this is what we know and this is what we are all about.

About us:

Jama International S.r.l. is a privately owned company, established in Milan – Italy in 2007, specialized in procurement and supply of equipments, consumables, spare parts, shortage, bulk and raw materials, for the Oil & Gas industries, petrochemical , industrial, power generation and explosion-proof plants.

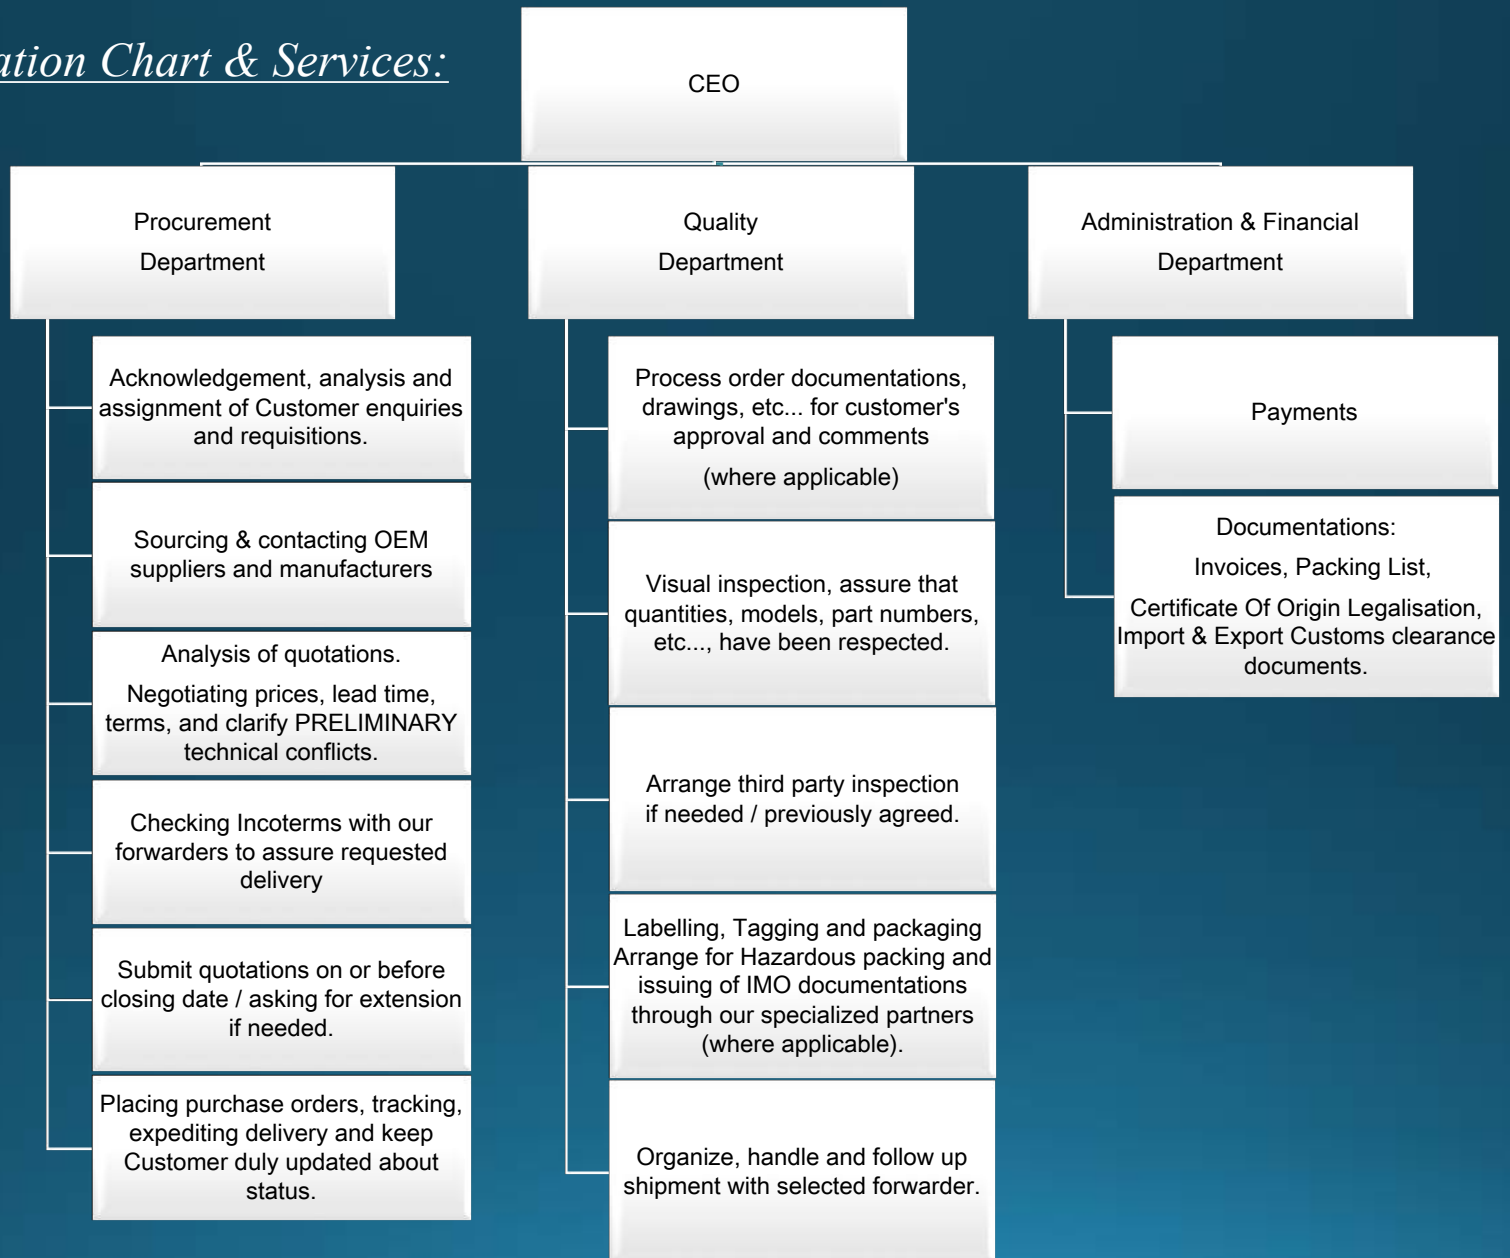

Jama International S.r.l. has created strong contacts and connections with Arab countries, especially in Libya and UAE procuring and supplying lot of commodities, manufactured by global brands manufacturers all over the world and also domestic materials needed from the local markets for lot of EPC companies.

Along with our long experience in procurement, we established great contacts with qualified agencies, consultants and local workshops in the Middle East and North Africa, with a very high experience in electrical and mechanical engineering, assisted by experienced manpower.

Nowadays, we are very acquainted with allocation of civil contractors, mechanical, electrical installers and technicians, supervision, procurement of raw materials, realization and execution of works, and other different services on site.

Over the years, we achieved our mandates and improved our performance reducing costs, maintaining our customers' high quality standards and respecting our long-term commitments.
